Hi Brent,

Would you be available for a conference call next Monday afternoon at 3:00pm your time? I have been organizing all of the parties listed on the designation letter, Los Alamos National Labs, DOE and NMDOT, and we would like to ask some questions regarding the designation.

Please let me know if you are available at this time.

Thank you,

**Subject:** FR for the Los Alamos designation.

Bryan:

A preliminary determination on designation of parts of Los Alamos County as a MS4 requiring an NPDES permit was signed late Friday March 6, 2015. I am forwarding you e-copies of the documents (including the pre-publication Federal Register (FR) Notice) and a color version of the designation area map.. The documents will be going up on our web page for proposed permit notices soon (link in the FR Notice) and the FR Notice should go out in 7-10 days and start a 30 day public comment period. An final decision would be made after considering all comments submitted during the public comment period.

Sincerely,

Brent Larsen
